The St. Clairsville Railroad. ST. CLAIRSVILLE, May 12, 1877.

For years it has been the desire of the St. Clairavillians to have a railroad. Namerous attempts were made to accomplish the object but without success until the Certennial year. On Monday last the Bellaire and St. Clairaville Narrow Gange Railway was opened for passenger. Owing to the uncertainty of the day of opening, no previous notice could be given, but the Directors are highly gratified with the result of the first week of business. On the first day 51 passengers. Total for the week, 270, being an average of 45 passengers daily. The road is still in an unfinished condition, and will require considerable attention to get it in first class order. Still all those who have come over it express themsalves as highly pleased. One gentleman from For years it has been the desire of the have come over it expréss themselves as highly pleased. One gentleman from Claveland was on the look out for the heavy cuts and fills which he expected to see required to get up to St. Clairaville. He was wonderfully surprised not to see them. The grade is very easy, not exceeding 19 feet, and that only for a short distance. The stations on the road are "Quiney," the point of connection with B. & O. R. R. "Echo," formerly Echolls' Mills, latterly known as Workman's and "Grescent," about half way to St. Clairaville, at the entrance to Ault's Run. Length of line six and a half miles. At Quiney, "Kidd's coal works will supply the road with a large amount of trailie in supplying the St. Clairaville markets with coal. Already the beneficent effects are felt in the reduction of the price of coal from 9 to 7 cents and a much cleance and superior coal than has been supplied. At uperior coal than has been supplied. o station we have another good mine which will commence shipping as soon as a siding can be put in. Both mines are very conveniently located for loading

Indications are now that the road can calculate on hauling 150,000 to 200,000 ushels annually.

Bellaire Locals—Mr. J. A, Ran, a silver be late resident of Middleport, O, and formerly of Cincinnati, has opened a first class barber shop in the Centennial Hotlaire building. There are bath rooms attacked, which convenience will make it the leading barbering establishment of our place.

The colored folks of our city held a festival last Friday evening at the city hall for the benefit of their church. Mr. Currenze Add. Frazier's Silver Cornet Band discoursed some fine pieces of music to enliven the many visitors who patronized the entertainment. BELLAIRE LOCALS.-Mr. J. A. Ran.

Mr. Wm. Brown, a resident book agent
of our city, is now preparing to solicit
subscription for a valuable work, entitled

is a gentleman of veracity, unlike some,
who have been duping our people with
books only useful for fire kindling.

The late crash in the sewing machine
monopoly causes some persons here to
think, who now have machines and paying by monthly installments, that they
ought to reap some benefit of the late reduction in prices.

Mr. Cleaver and Wm. H. Tallman would as our representatives be a credit to the citizens of this county.

An old gentleman named Martin Flaherty, while witnessing a base ball contest between two clubs, the Rurals, of Martin's Ferry, and the Clippers, of our place, on the publis square last Saturday afternoon, met with a fearful accident. It seems that one of the players while in the act of striking at the ball accidentally let go his hold on the bat, which flew back into a crowd of lookers-on, hitting Mr. Plaherty on the mouth, severing his upper lip completely and dislocating a few of his teeth. The old man presented a horrible spectacle. Dr. Saunders, who horrible spectacle. Dr. Saunders, who was on hand at the time, had the man

Mr. Bolon of late has exhibita place near Woodsfield, in Monroe county, Ohio. Mr. Bolon of late has exhibited marked signs of mental derangement, which increased alarmingly in the last week, so much so that his parents were telegraphed for and arrived on the early castern-bound train yesterday morning. Mr. Bolon was escorted by the arms of a few powerful men and placed on the 8:45 western train. Mr. B. has the sympathy of the public at large, and a hope is expressed for his speedy recovery to sound rationality. There is a woman at the bottom of all this.

Dear Six—I recently treated a case of constitution of many years standing, on which I tried almost every remedy in the materia medica that has ever been used for that purpose, without obtaining any permanent reliel. In my despair I bought a few bottlee of your Piensant Purgative Pellats and prescribed them with the happiest results. The patient is now permanently, and preserved. Yours fraternally, Dr. M. J.
